

**Albert says ...**

**Wisconsin Initiative for Science Literacy (WISL)  
& University Residence Halls  
presents**

# **Speaking Science to Politicians: Making Sense while Making Policy**

**Monday, Feb. 16, 7 pm,  
Holt Commons Lower Frank's**

**Conversation leader: Don Kettl,  
Professor of Political Science and  
Public Affairs**

Join what will surely be a lively discussion the night before the primary election. Among other things Professor Kettl chaired the Wisconsin Governor's Blue Ribbon Commissions on state-local partnerships and campaign finance reform. He's now examining the efforts of state and local governments to strengthen homeland defense preparedness. His publications include: *Team Bush: Leadership Lessons from the Bush Whitehouse* and *Deficit Politics: The Search for Balance in American Political Life*.

**Conversations in Science**

**You don't have to be Einstein to enjoy  
discussing how science affects your daily life.**
