

12th Annual EDGEWOOD FAMILY SCIENCE NIGHT

Monday, April 7, 6:30-8:00 pm

Do you have an inquisitive mind? Do you love learning new things? Edgewood invites you to an evening of discovery. The Sonderegger Science Center will be filled with opportunities to explore science through hands-on activities for learners of all ages. Many exploration stations will allow you to investigate a wide variety of physical phenomena, chemical craziness and biological beauty.
